

CAN'T AFFORD THE REAL THING?

Why not try
a **Scale Model**
instead?

A small number of
people are lucky enough
to have the funds to own
an actual P-51 Mustang,
Sherman tank, or
1955 Chevy Bel Air.
For the rest of us...

HISTORY IN MINIATURE!

IPMS Seattle is a club of dedicated
hobbyists devoted to preserving
history in miniature. You name it;
we probably build it, in scale.
Aircraft both civilian and military;
armored military vehicles; ships;
automobiles, or science fiction
subjects from the movie screen.

If you have an interest in any
of these things, but can't afford
to purchase the real McCoy, why
not join us and get it done in
a smaller scale!

For more information go to our web site: www.ipms-seattle.org
