LeRoy James "Lee" Pickles

(March 15, 1936 - April 07, 2018)

LeRoy James "Lee" Pickles, age 82, a resident of Hixson, passed away Saturday, April 07, 2018 at a local healthcare facility. Survivors and arrangements will be announced by Hamilton Funeral Home and Cremation Services; 4506 Hixson Pike, Hixson. (423) 531-3975

Lee (IPMS #42583) attended a few meetings and build days a few years ago. Due to declining health he hasn't attended in recent years, but he supported us with his IPMS membership and frequent little e-mails on things of interest. He was very big in daylilies as can be seen in the photos below from his web page. He enjoyed WW2 aircraft subjects as those were frequently the things he related in his e-mail.

A Note from the Director of Local Chapters and the IPMS President

To all Region 3 Chapters

Please read our IPMS/USA President Ron Bell's email below regarding leg extensions for tables at our model shows.

While we can't make folks not use these extensions, Ron raises some very good points to consider. We need to make our hobby accessible to all who come to the shows.

Any questions, let me know.

Thanks. Regards to your chapter members. Happy modeling

Dave

Dave,
I know we can't place any requirements on local contest, but if you could somehow get this message to the RCs and to the chapters, it might make their shows more accessible.

"Some clubs have used table leg extensions to raise the level of the table tops in the contest room so that people can view the models without bending over. However, if used, people in wheel chairs or of short stature or people who cannot stand up straight for whatever reason then have a limited, if any, view of the models. In addition to some people just being shorter than average, as our membership ages, we are seeing more and more people at our shows in wheel chairs or with disabilities that inhibit posture that make viewing models on raised surfaces difficult if not impossible. Extensions also make just placing models on the table more dangerous as you must reach over other models that are now at a higher level. Finally, they can inhibit judges from seeing the tops of models, which may mean more models get picked up with all the inherent dangers of that. It is therefore requested that all IPMS/USA sanctioned model shows not use any device such as table leg extensions, that limits the ability of the public to view the models."

Any way you can get this word out will be helpful. I'll also put it in one of my columns.

The matter came up in a note from a member who dropped out as he just couldn't see the models at some shows due to the use of leg extensions. They have only one benefit but many drawbacks and might even have some legal impact as they make a part of any show that is open to the public inaccessible to a large portion of the population. I'll check with Dave K. on that part.

Thanks.
Ron

HELICOPTER PILOTS

WANTED

YOUNG, SKINNY, WIRY FELLOWS
over eighteen. Must become expert
pilots, willing to risk death daily.
Orphans preferred.
Starting wages \$110 per month.
Apply: U. S. Army Recruiter

As Artie Johnson used to say, "Veddy interestink!"

The \$110.00 payrate seemed a tad low to me, so I did some checking. According to dfas.mil, based on military pay effective 1 JUL 69, total monthly pay for an unmarried wet-behind-the-ears WO-1 warrant officer pilot (less than 2 years service), newly arrived in Nam (what we referred to as an FNG), was \$378.90 base pay + \$47.88 basic subsistence allowance + \$85.20 basic quarters allowance (w/o dependent) + \$100.00 aviation crew-member pay + \$65.00 hostile fire pay. Total pay: \$676.98.

Still, pretty paltry compensation when you consider the "willing to risk death daily" part!! Out of approximately 40,000 US chopper pilots in Vietnam, 2,202 pilots were killed, along with 2,704 crewmen.

That didn't cost you anything.

Bob

Je-Anne did the right thing! Some of us were surprised when we arrived at HobbyTown last month to find the store closed just before our meeting start time. There were numerous weather alerts including the report of Hail on Lookout MTN nearby. Fortunately the bad weather passed us by. Those who made it to the meeting simply adjourned to the nearby Cheddars restaurant and enjoyed a good dinner early! AS ALWAYS USE YOUR BEST JUDGEMENT TO TRAVEL TO OUR MEETINGS!!!!

Is this a place to go eat after our next Meeting?

This will be the fourth location in Tennessee for the restaurant known for its traditional American BBQ with a hefty side of patriotism.

THE 2018 AMPS INTERNATIONAL CONVENTION DAYTON, OHIO, MAY 3-5

That's right. THE armor modeling event in the U.S. is heading to Dayton, Ohio, the home of the **U.S. Air Force Museum!** Our theme this year is 'Mishaps and Oh Crap!' Tanks get in all sorts of predicaments, so we hope to see lots of creative entries.

Enter your models in the competition and get the feedback and reinforcement from your peers. You may even be rewarded with a Gold medal or be among the recipients of 14+ special awards.

Our seminars connect you with experts in the field that will inspire you to finish that stalled project. Enjoy presentations on military vehicle history and research.

Modeling vendors come from all over the U.S. and abroad so you will no doubt find that book, accessory or model you've been looking for.
