LORDS OF THE SKY by DAN HAMPTON

Book Review by Lynn Petty

In the January Issue I gave a book review of *Tanker Pilot* which is a really good book that gives you pause on the importance of refueling a/c. I swapped books with a friend of mine and just completed reading *Lord of the Sky* which I found equally as good! Witten as the cover says by the author of *Viper Pilot*, Dan Hampton knows his subject as he is a F16 master. Like the cover says the time period covered is WW1 Thru the second Gulf War. Rather than just wrote about things from the fighter pilot view Mr. Hampton has done a masterful job of weaving together a chronological view that ties in the technological developments that go with fighter aircraft, the concurrent status of the ground battle, and the training methods and their impact on the quality of pilots at the front. This is second book in recent times for me that I found hard to put down. You ca get the paperback for around \$10 with the hardcover not much more. Recommended!

From David Beckman

David Beckman reports his son has gotten back into figures recently. Here's some pictures of the guys from the old Tamiya Pz II kit. Dave's pretty proud of him and with reason! His name is Paul Beckmann. He used to paint figures when he was younger, inspired by some figures that a pro-builder friend of Dave's would send now and then. He has recently been hit with the nostalgia - thanks to his dad's influence! :-) He's using Vallejo because they have specific colours for his project. He's also mixing his own dark wash and still learning how to dry brush. Paul's hoping that his dad will finish his Pzkw II so they can do a diorama together.

Dear Lynn:

As most of you know, Mid-Carolina/IPMS and AMPS-Central will be hosting a local contest on Saturday, June 23, 2018, at the South Carolina National Guard Armory in Columbia, South Carolina. I'm sure you are also aware of the expense of hosting such a show and the amount of work involved.

To defray some of the costs, we hope that your chapter will consider sponsoring one or more trophy packages for the contest. Category trophy packages are \$25 and Special awards are \$30. Please denote which category(s) you wish to sponsor and give an alternate in the event that more than one sponsor is requesting the same category. In addition, we would gladly accept any donations to the raffle that your chapter or any individual member may be willing to provide.

As with any contest, we also need judges! If any of your members would care to judge any categories, we would love to have them participate. To do so, please have them contact me directly or if you have several members who would like to volunteer, you can send me a listing from your chapter.

I have enclosed a flyer for you to distribute to your members which lists all the details and the contact information for volunteers and donations. The forms and flyers are available for download at our website: www.ipmsmidcarolina.com. Please make out any sponsorships to:

Mid-Carolina/IPMS
Herbert M. Plott
168 Coventry Lake Drive
Lexington, SC 29072 USA

Thank you for your consideration and support. Should you have any questions, please call me at 803-808-6207.

Sincerely,

Herbert (Hub) M. Plott, III

Good afternoon Mr. Petty, I'm Jim Rogers, half of a new injection molded plastic model kit company Salvinos J R Models and we are releasing our first kit soon. Buddy Baker's 1980 Oldsmobile 442 in 1/25th scale. We are currently signing dealers as well as taking retail pre-orders for our kit and it occurred to us that we should introduce ourselves to IPMS clubs like yours. We are not trying to sell to the clubs directly, we are just hoping that the clubs could share the attached flyer with their yours builder members who then can ask their favorite local shop to carry it. The 128 piece kit will be produced in Southern California, and include Cartograf decals and you can see what our sample looks like on the attached flyer. We would greatly appreciate any help we can get from clubs to make this a success allowing us to make more and other kits.

Thank you for your time,

Jim Rogers

Why Join AMPS?

- AMPS is all about armor modeling. If you build tanks, figures or dioramas, AMPS is for you.
- AMPS members get six issues per year of the club journal, Boresight. Boresight is written by and for tank modelers. Every issue is jammed with research material and modeling articles written by your peers with you in mind.
- The AMPS International and regional shows are the best armor modeling shows around! The AMPS judging system gives you detailed feedback to help you improve your modeling.
- AMPS chapters give you an opportunity to hang out with your fellow modelers, to learn more and have fun. If there is no chapter in your area- start one!
- AMPS members have access to member-only discounts at many hobby vendors. Your membership will pay for itself.
- AMPS members get a voice in the society. You can participate as much as you want.
- AMPS is all-volunteer. Guys just like you make AMPS happen. Be a good modeling citizen--join AMPS.

THE 2018 AMPS INTERNATIONAL CONVENTION DAYTON, OHIO, MAY 3-5

That's right. THE armor modeling event in the U.S. is heading to Dayton, Ohio, the home of the **U.S. Air Force Museum!** Our theme this year is 'Mishaps and Oh Crap!' Tanks get in all sorts of predicaments, so we hope to see lots of creative entries.

Enter your models in the competition and get the feedback and reinforcement from your peers. You may even be rewarded with a Gold medal or be among the recipients of 14+ special awards.

Our seminars connect you with experts in the field that will inspire you to finish that stalled project. Enjoy presentations on military vehicle history and research.

Modeling vendors come from all over the U.S. and abroad so you will no doubt find that book, accessory or model you've been looking for.
