RVIPMS Makes The News (submitted by: Rocky Sink)

On June 13th Logan Sherrill from WDBJ7 came by the clubs monthly Build meeting to do a story on the club and it's members. With past build meetings not having good attendance there was a call put out for "all hands on deck" to show up so it would make it worthwhile for the Logan to do the story. Well I don't think any of us expected the turn out we ended up with but it was probably one of the biggest groups we have had at any meeting in months. We even had members that hadn't been able to attend for a while show up. Everyone brought several display models along with something to work on while Logan did interviews with members and walked around shooting video of the display models as well as everyone working on their models. Logan was really impressed with the quality of the models the club had on display and said that he will be giving the club a plug for the 2020 Regional. Thanks to everyone who was able to attend.

“Ladies” Afternoon at Tri-Cities Airport (submitted by: Penny Pierce)

The Commemorative Air Force made a stop by Tri-Cities airport in Blountville, TN back in May, and I went down there to snap a few photos for posterity. The aircraft that had showed for the event were the B-29 “FIFI”, the B-24 “Diamond Lil”, and also a Stearman Biplane that was charging to take people up for 20 to 30 minute rides.

This was “FIFI”'s return visit to the region, but she still made quite the impression on the crowd. Both planes had very long lines for their walk through, but the B-29 had to turn people away because her departure time was scheduled for 5pm. This was overall a great day to spend at the airport. Can't wait for the next group of war birds to visit.
